

For now &
our future

People Water and Land Programme

Te Mana o te Tangata, te Wai, te Whenua

People, Water and Land Programme

Te Mana o te Tangata, te Wai, te Whenua

VISION:

Inspiring change to improve Southland's water and land

OBJECTIVE:

Southlanders improve their water and land through **knowledge** and **on ground action**

Workstreams

1. Action on the Ground

- Capacity Building project (governance and funding)
- Whakamana te Waituna
- Aparima Community Environment
- Maitara – River Concept Plan

2. Values and Objectives

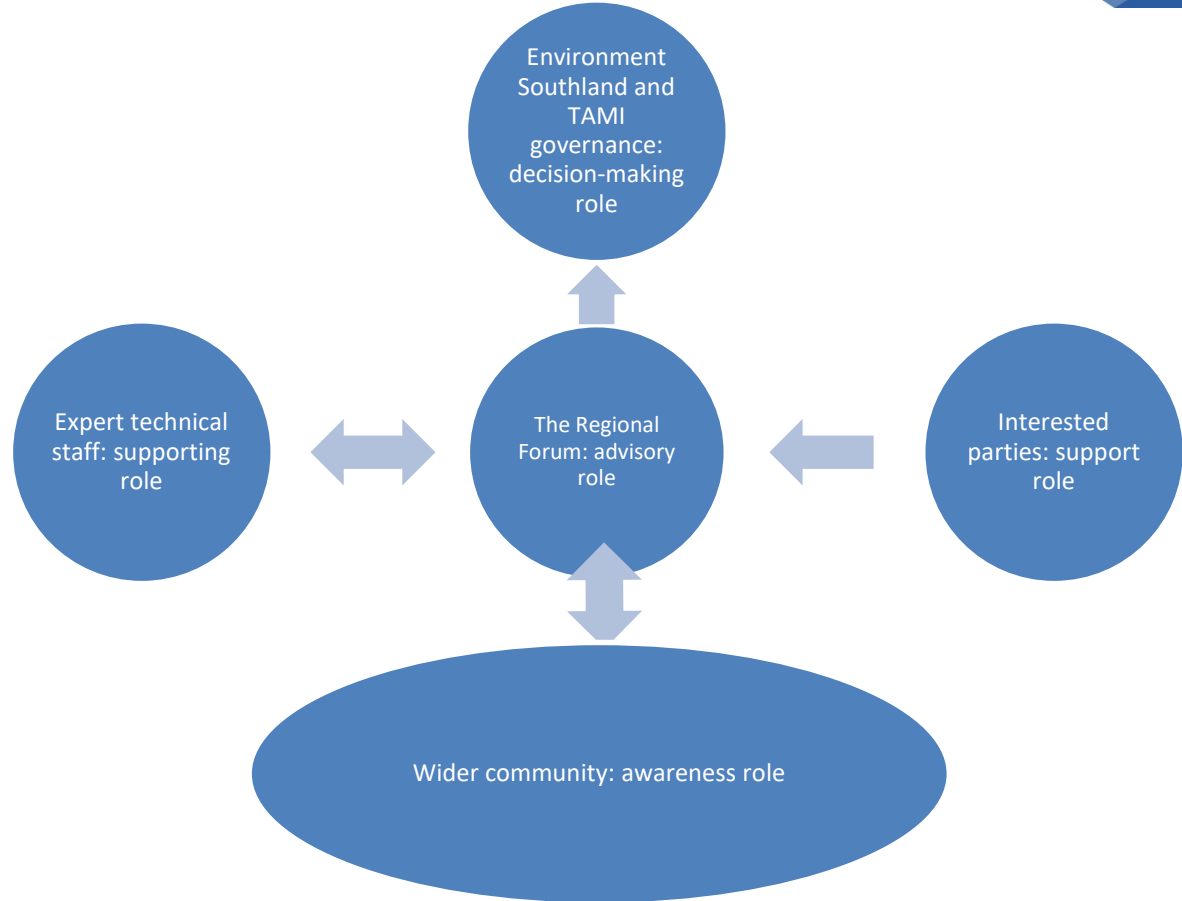

- Determines values and objectives for Southland's freshwater
- Informs Regional Forum
- Informs and influences Action on the Ground
- Requirement of NPSFM to inform limit setting
- Has a key role in raising awareness of freshwater

3. Regional Forum

- **Goal / purpose:**
 - Consider and advise on options to achieve the community objectives for water;
 - Address water management issues in Southland;
- **Outputs must include:**
 - Methods proposed i.e. most 'efficient, effective and appropriate';

- Working together...

REGIONAL FORUM

People Water and Land – *Te Mana o te Tangata, te Wai, te Whenua*

REGIONAL FORUM

People Water and Land – *Te Mana o te Tangata, te Wai, te Whenua*

TEAM

We'll be able to draw on a wide pool of expertise and knowledge...

...both within Environment Southland and Te Ao Marama and more broadly...

...including Technical experts within areas such as:

- *Science, across a broad range of disciplines*
- *Policy and planning, consenting and compliance*
 - *Cultural knowledge*
 - *Behaviour change*

...Members of interest groups, industry and the community

We'll be able to engage with people in a wide variety of ways:

- Field trips
- Public/ open workshops
- Presentations
- Reports
- Technical working groups
- In ways you as Forum members suggest...
